

JiNOV international

With JiNOV I get involved.

Sustainable learning
Socially inclusive initiatives
Commitment to non-violence

With young people, JiNOV dares to dare!

With Jinov young people take initiatives, generations work together.

Join us at jinov-international.org

On every continent, JiNOV stands alongside young people who want to build a less violent, more fair world full of smiles.

In France :
with young people who act to promote professional and civic training in eco-development and solidarity-based economy.

In India :
with young people who get active so that poor populations can access their land and the water they need in order to live.

In Haiti, Latin America, Africa...

With my JiNOV card

I join the network.

JiNOV is a network of friends that support and encourage each other in their initiatives on every continent.

It's a goldmine for sharing contacts and good ideas

I participate in the common fund.

The common fund allows everyone to invest in the construction of JiNOV and contribute to the spread of its' partners initiatives.

To obtain your JiNOV card, you are free to determine how much you wish to contribute.
Any contribution is helpful.

Little brooks make great rivers. It is not forbidden to spread this ecological message in your entourage....and why not organize a fundraising party or concert?
