

# Viva Madiba!

This is an appeal to all young people all over the world

On the 5th of December 2014

Let us take the lead to celebrate Mandela's legacy!

Let us dance in the streets with colourful clothes and musics!

Let us gather all the people who want to extend the rainbow nation  
dream  
to the whole world !

Respect and thanks, Mister Mandela !

We learn from you  
what it means to be a decent human being  
how courage and hope can fuel constructive energy  
how beautiful dreams can change reality for the better

Don't worry, Dear Madiba !

We are not going to worship you  
We are just trying to step in your path  
to build a world with less violence, more justice

and smiles for all:)

## **December 5th**

This is the date of Mandela's death. So this is the date of our becoming, all of us, responsible for keeping his legacy alive

This is also the date of the International Day of Voluntary Action (*Journée internationale du bénévolat*).

This coincidence offers a wonderful opportunity to mobilize the benevolent energy around Mandela's legacy and put forward the 5th of December as a big date on the universal calendar.

## **Madiba**

This is the name given to Mandela by his first circle of family, friends and colleagues..

*Viva Madiba!* is thus a call for enlarging the circle of the people who want to keep friendly and close to his message in the years to come .

## **Rainbow**

This is the color of the nation without apartheid Mandela has struggled to build.

This is the color of the world we want to live in.

## **Dance**

Is it not the nicest way to get together to celebrate and initiate a movement? -)

## **Young people take the lead**

*Viva Madiba!* is a great opportunity for all young people to assert themselves as key actors in their own society and citizens of the world.

## **How to participate**

### **Organize an event**

It may take the shape of a local festival; it may fit into a youth camp...

you may make it small with a few friends, you may make it big with a huge crowd : whatever you do make it !

### **Pass on the message**

You can circulate the flyer to friends, schools and universities, media, artists, associations, unions, local authorities...And you can translate it into other languages !

### **Keep in touch**
